Space Development

As of 5-7-22

Saturday, May 28

Regency A

- 10:00 am Fireside Chat: Advancing the Conversation to Redefine Space Medicine: A Dialogue of Rethinking Medical Approaches to Enable Space Settlement with Dr. Vanessa Farsadaki (Space Exploration Strategies, LLC) and De'Schzunell "DJ" Catlin (Equity Space Alliance)
- 11:00 am Panel: The Future of Space Development – Expert Perspectives on Context, Capabilities, Actions and Requirements Needed to Support Humanity's Expansion in Space. Space is "cool" once again. With the advancements in commercial launch and similar technologies, "space" is closer than ever to be gripped by everyday people. Yet, getting into space is just part of the journey; there are numerous issues that have yet to be addressed, and equally as many ideas on how to address them. This session will pull on the expert talents of a diverse group of intellects who bring unique and thought-provoking concepts forth to help empower this discussion. Ranging from rethinking Space Medicine and economic considerations to leveraging space to improve socioeconomic conditions and shape geopolitics, this panel is certain to be the highlight of the conference.
Panelists: Dr. Vanessa Farsadaki (Space Exploration Strategies, LLC), Jose Ocasio-Christian(Caelus Partners, LLC), De'Schzunell "DJ" Catlin (Equity Space Alliance) and Kaylon Paterson (Paterson Aerospace Systems & John S. McCain Strategic Defense Fellows).
Moderator: Col Karlton D. Johnson, USAF (Ret.), Chairman, NSS Board of Governors
